

The Angels Breakthrough Programme

Programme Overview

Introduction

The Breakthrough Programme, initiated by The Angels Initiative, is a pioneering effort to support our members experiencing difficulties in behaviour and school life. By collaborating closely with parents, schools, and the children themselves, we aim to create a supportive and empowering environment that addresses the challenges faced by these young individuals. This document outlines the key components and initial steps of the programme.

Objectives

- **Immediate Support:** To provide immediate assistance to children struggling with behavioural issues and academic challenges.
- **Collaborative Approach:** To foster a collaborative environment involving parents, schools, and the children, ensuring a comprehensive support system.
- **Empowerment and Improvement:** To empower children to overcome obstacles, aiming for noticeable improvements in behaviour and academic performance.

Phase 1: Programme Launch

Stakeholder Engagement

- **Identify and engage stakeholders:** Parents, school staff, and children.
- **Establish communication channels:** For ongoing dialogue and feedback.

Programme Design

- **Develop an incentive system:** Tailored to motivate children based on individual interests.
- **Create individualised support plans:** With input from all stakeholders, focusing on achievable goals.

Implementation Basics

- **Conduct kick-off meetings:** Introduce the programme, set expectations, and begin plan development.
- **Schedule regular check-ins:** Monitor progress, adjust plans, and provide consistent support.

Monitoring and Initial Evaluation

- **Track progress:** Utilize academic and behavioural reports, alongside stakeholder feedback.
